Superior Quality Control

Since 1979, NutriCology® has used only the purest raw materials available, and has implemented strict quality control procedures in every stage of production, including inspection of raw materials, manufacturing, packaging, and storing. Current Good Manufacturing Practice (cGMP) standards are applied to all aspects of the manufacturing process including receiving, testing, and approving raw materials; production; process controls; laboratory testing of labeled and packaged finished product; distribution control and accountability; and shelf life/expiration testing to ensure freshness and potency.

Each final product is internally evaluated by verifying our Product Specifications against the Certificate of Analysis, by organoleptic testing, and by Fourier Transform Infrared Spectroscopy (FTIR) to ensure the products are fully compliant.

In addition to our in-house quality control department, we use certified independent analytical laboratories that meet or exceed Good Laboratory Practice (cGLP) requirements to test raw materials as well as finished products. Our products are assayed for identity, purity, and potency, and are confirmed to contain pre-determined amounts of the contents listed on every label. Microbial, pesticides/herbicides, aflatoxins, residual solvents, and heavy metals analyses are also conducted on all applicable products.

Hypoallergenic Products

Since our inception in 1979, we have used only the purest and, whenever possible, the lowest allergy potential natural ingredients. We define hypoallergenic as “free from all common allergens,” (wheat, corn, soy, gluten, yeast, dairy, eggs, fish, crustacean shellfish, tree nuts, and peanuts). While many of the nutrients in our formulas are synthesized from natural plant substances, which may contain antigens, the synthesizing process removes the molecules of the desired nutrient from the original substance, and, in the processing, a great percentage of the antigens and allergens are left behind. Thus, the final material has extremely low allergy potential. Many very sensitive individuals who react to supplements in general can tolerate NutriCology products.

Used by Doctors Worldwide

Many alternative doctors consider our products the standard for use for nutritional support of their patients. Our formulas list exact amounts and strengths of nutrients, so doctors who use multiple formulas can know the exact intake for their sensitive patients. The list of renowned doctors who have utilized our nutritional supplements reads like a who’s who of alternative medicine: Jonathan Wright, MD; Leo Galland, MD; Alan Gaby, MD; Nicholas Gonzalez, MD; Julian Whitaker, MD; Phyllis Balch, CNC; Sherry Rogers, MD; Linda Rector Page, MD; and many others.

Customer Service, Product Support, and the NutriCology Website

The NutriCology customer service speed ranks among the fastest in the industry, with same-day shipment for orders placed by 11 a.m. PST. We are available Monday through Friday from 7 a.m. to 4:30 p.m. PST, on normal business days.

We offer excellence in product support, with experienced clinical nutritionists and naturopathic doctors to answer all your questions about NutriCology products, Monday through Friday from 8 a.m. to 4:30 p.m. PST.

The NutriCology website offers the latest information on products and prices, and convenient online ordering.

AntiOx Synergy
with Spectra™ and SelenoExcell®

Hypoallergenic

Item #57490
60 vegetarian capsules

A balanced antioxidant complex featuring SelenoExcell®, a high-selenium compound from yeast, and Spectra™, a blend of coffee, green tea, fruit, vegetable, herb, and spice extracts and concentrates.

Vitamins A, C, and E, zinc, NAC, and R-lipoic acid complete the formula.

Suggested Use
As a dietary supplement, 1 capsule one to four times daily with meals, or as directed by a healthcare practitioner. Contains less than 1 mg of caffeine per capsule.

WARNING: Do not exceed 400 µg of selenium per day from all sources. Taking more than 400 µg of selenium per day from all sources should only be done under the guidance of a healthcare professional.

Serving Size: 1 capsule
Servings Per Container: 60

Amount Per Serving:
Vitamin A (as Mixed Carotenoids) .................................. 100 IU
Vitamin C (as Ascorbyl Palmitate) ................................. 25 mg
Vitamin E (as mixed Tocopherol and Tocotrienols)
(sunflower) .................................................................... 16.75 IU (50 mg)
Zinc (as Zinc Picolinate) .................................................. 2 mg
Selenium (as from SelenoExcell® organically bound high-selenium yeast) ............................................ 25 µg
N-Acetyl Cysteine ............................................................ 25 mg
R-Lipoic Acid ................................................................. 25 mg
Spectra™ Proprietary Blend containing: ......................... 100 mg

Other ingredients: Hydroxypropyl methylcellulose, L-Leucine.

SelenoExcell® is a registered trademark of Cypress Systems Inc.
Spectra™ is a trademark of VDF FutureCeuticals, Inc., used under license.

A blend of essential vitamins and minerals, antioxidants, and phytonutrients to support daily detoxification.*
Astaxanthin has been shown to benefit the brain, eyes, muscles, skin, heart, blood vessels, immune system, and internal organs.*

**Astaxanthin 6 mg**
AstaZine® from Pure Microalgae

<table>
<thead>
<tr>
<th>Item #57510</th>
<th>60 softgels</th>
</tr>
</thead>
</table>

Each capsule contains 6 mg of AstaZine® natural astaxanthin, a carotenoid derived from the organic microalgae *Haematococcus pluvialis*, grown under sunlight in controlled conditions. Natural astaxanthin is far more effective in scavenging free radicals than synthetic astaxanthin or other carotenoids such as beta-carotene or lutein.*

Aging is associated with the weakening of the body's antioxidant defense system, and astaxanthin may help protect against such age-related changes.* Astaxanthin also protects the skin and eyes against the damaging effects of UV rays (photoaging).*

**Suggested Use**
As a dietary supplement, 1 softgel daily with meals, or as directed by a healthcare practitioner.

**Serving Size:** 1 softgel
**Servings Per Container:** 60

**Amount Per Serving:**
- Astaxanthin: 6 mg
- Other ingredients: Bovine gelatin, extra virgin olive oil, natural tocopherols.

*AstaZine® is a registered trademark of Algae Health Sciences, Inc.*

A targeted blend of botanicals and nutrients to support psychological well-being, a healthy mood, and a balanced response to stress.*

Balanced Bliss
SaffSerene™ Rhodiola Complex
Hypoallergenic
Item #57440
60 vegetarian capsules

Balanced Bliss is a blend of targeted botanicals and nutrients to support psychological well-being, a healthy mood, and a balanced response to stress.* It contains rhodiola, SaffSerene™ (standardized saffron extract), vitamin B6 as pyridoxal-5-phosphate, magnesium bisglycinate, and L-taurine.

Suggested Use
As a dietary supplement, 1 capsule two times daily with or without food, or as directed by a healthcare practitioner. Best taken morning and noon.

Broad-spectrum nutritional and antioxidant support from vitamins, minerals, and bioactive food components.*

**Detox & Nourish**

**Fasting Support**

Item #54230  
900 grams (31.7 oz.)

Updated Formula

Broad-spectrum nutritional and antioxidant support from vitamins, minerals, and bioactive food components.* Updated with vitamins B2, B6, B12, and folate in bioactive coenzyme forms, and increased D3, iodine, milk thistle, glutathione, selenium, NAC, green tea, and R-lipoic acid. With pea protein and natural vanilla flavoring, for improved dissolvability and taste! Previously called DietEz.

**Suggested Use**

As a dietary supplement, 2 scoops one or two times daily with food or shortly before meals, or as directed by a healthcare professional. Mix in 8 oz. of liquid.
EPA AND DHA AS TRIGLYCERIDES*

Fully traceable from sea to bottle, including fishing, harvesting, transportation, and manufacturing.

**EPA/DHA Pro**
High Potency Fish Oil
Item #57460
240 mL (8 oz.)
Concentrated liquid fish oil, providing 48% long-chain ω-3 fatty acids EPA and DHA, as well as approximately 5% docosapentaenoic acid (DPA), standardized to a minimum of 90% triglycerides, with exceptionally low oxidative potential.

**EPA/DHA Pro Lemon**
High Potency Fish Oil
Item #57500
240 mL (8 oz.)
Pleasant natural lemon flavored version of EPA/DHA Pro High Potency Fish Oil.

**Suggested Use**
As a dietary supplement, 1 teaspoon daily with meals, or as directed by a healthcare practitioner. Refrigerate after opening.

*Aloe vera gel is mucilaginous and promotes a healthy level of moisture in the tissues it comes in contact with.* In the digestive tract, these qualities of aloe vera extract support healing of the gastric mucosa.*

*This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.*
A blend of three fruit extracts (pomegranate, bergamot citrus, and unripe apple) each standardized to a high content of polyphenols.

**Heart Fruit Extracts***
Pomella®, Bergavit® 40, and ApplePhenon®

*Hypoallergenic

Item #57470
60 vegetarian capsules

Pomegranate, bergamot citrus, and unripe apple extracts with standardized polyphenol content. Pomella®, Bergavit® 40, and ApplePhenon® support healthy cardiovascular function and normal, healthy cholesterol levels.*

**Suggested Use**
As a dietary supplement, 2 capsules two times daily with meals, or as directed by a healthcare practitioner.

**Amount Per Serving:**
- Pomegranate (Fruit) Extract (standardized to 30% Punicalagins and 50% Polyphenols) (Pomella®) 300 mg
- Apple (Fruit) Extract (standardized to 70% Polyphenols) (ApplePhenon®) 300 mg
- Bergamot (Fruit) Extract (standardized to 40% Flavonoids) (Bergavit® 40) 200 mg
- Other ingredient: Hydroxypropyl methylcellulose, microcrystalline cellulose, magnesium stearate, silicon dioxide.

ApplePhenon® is a registered trademark of BGG.
Bergavit® 40 is a registered trademark of Bionap S.r.l.
POMELLA® is a trademark of Verdure Sciences, Inc. Patents: www.vs-corp.com/ip.html

**Pomella®** supports normal blood sugar levels and normal, healthy levels of homocysteine.*

**ApplePhenon®** supports the maintenance of a normal body weight and healthy fat distribution.*

**Bergavit® 40** provides antioxidant protection and encourages a healthy cholesterol particle size distribution and normal vasodilation.*
A combination of berberine, milk thistle, choline, and vitamin E to support healthy liver and metabolic function.*

**Hepato Factors**
Liver and Metabolic Support

Item #57450
120 vegetarian capsules

A combination of berberine, milk thistle, choline, and vitamin E to support healthy liver and metabolic function.* Choline and milk thistle support healthy hepatocyte and gallbladder function.* Berberine supports healthy glucose and cholesterol metabolism, as well as healthy levels of hepatic fat content.* Vitamin E provides antioxidant protection.*

**Suggested Use**
As a dietary supplement, 2 capsules one or two times daily with food, or as directed by a healthcare practitioner.

Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, L-leucine.

*This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

**Berberine** supports healthy glucose and cholesterol metabolism, as well as healthy levels of hepatic fat content.*

**Milk thistle** helps protect hepatocytes from oxidative stress, and supports detoxification and healthy metabolic function.*

**Choline** supports healthy hepatic function and normal homocysteine metabolism.*
L-carnitine is considered conditionally essential, especially during times of high energy needs, such as pregnancy and breast-feeding.*

**L-Carnitine 1000 mg**
Clinically Tested Carnipure™
Hypoallergenic

Item #57540
100 vegetarian tablets

Carnipure™ L-Carnitine is the purest form, clinically tested, and vegetarian. L-Carnitine is a non-essential amino acid that helps to maintain overall good health by facilitating the transfer of fatty acid groups into the mitochondrial membrane for cellular energy production.* May support healthy fat metabolism in the liver. Also enhances athletic performance and endurance and reduces post-exercise muscle soreness.*

**Suggested Use**
As a dietary supplement, take 3 capsules two times daily with or without food, or as directed by a healthcare practitioner.

Liposomal Melatonin
Fast-Acting Formula
Item #57530
30 mL (1.01 fl. oz.)

Fast-acting melatonin liquid with liposomal delivery for improved bioavailability and prolonged retention in the body, supporting a normal melatonin cycle through the night.*

In addition to supporting a normal, healthy sleep cycle, melatonin provides antioxidant protection to the central nervous system and beyond.* Melatonin receptors also play a role in memory and mood.*

Suggested Use
Take 1 pump by mouth, hold for 30 seconds before swallowing, or as directed by a healthcare practitioner. May be stirred into a small amount of water. Children may use this short-term. Once opened, use within 180 days.

Serving Size: 0.2 mL (1 pump)
Servings Per Container: 150
Amount Per Serving:
Melatonin ............................................ 1 mg
Essential Phospholipids (from purified sunflower seed lecithin) .................. .10 mg
Other ingredients: Water, glycerin, ethanol, vitamin E (as tocoterosolan and natural mixed tocopherols), medium-chain triglycerides.

WARNING: Melatonin may have a strong sedating effect within 20 minutes of consumption. Not to be used during daytime. Not recommended for women who are pregnant, wishing to become pregnant, or breastfeeding. Do not use while operating a motor vehicle or other machinery.

*This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
Move-Rejuve* with Salmon Collagen and Proteoglycans

Item #57420
60 vegicaps

Contains SCP-II® salmon nasal cartilage, naturally extracted from sustainably caught wild salmon. Small amounts of undenatured proteoglycans and type II collagen have been shown clinically to support the health and hydration of connective tissue, joints, and skin.*

Suggested Use
As a dietary supplement, 1 capsule one to three times daily, or as directed by a healthcare practitioner. May be taken with or without food.

Servings Per Container: 60

Amount Per Serving:
Salmon nasal cartilage powder .................................. 16.67 mg
Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, L-leucine, silicon dioxide.

SCP-II® is a registered trademark of Guzen Development, Inc.

The material found in Move-Rejuve* is 100% salmon nasal cartilage, non-GMO, non-irradiated, with no carriers. The sourcing is environmentally sound, as under usual circumstances, this by-product of the salmon-fishing industry is discarded as waste.
Targets arterial flexibility, endothelial function, and healthy blood flow.*

**NO Cofactors**
Nitric Oxide Performance Blend

*Hypoallergenic*

Item #57480
180 vegetarian capsules

NO Cofactors provides a synergistic blend of nutrients, formulated to promote endogenous nitric oxide (NO) production.* Produced in the blood vessels, nerves, and immune cells, endogenous NO plays many roles in the body, such as supporting normal, healthy blood pressure, mediating penile erections, supporting normal, healthy blood flow to the brain and other tissues, and enhancing muscle oxygen use during exercise.*

**Suggested Use**
As a dietary supplement, take 3 capsules two times daily with or without food, or as directed by a healthcare practitioner.

**Serving Size:** 6 capsules
**Servings Per Container:** 30

**Amount Per Serving:**
Setria® Performance Blend containing:
- L-Citrulline ........................................ 2 g
- Glutathione (Reduced) (Setria®) ..................... 200 mg
- L-Arginine ........................................ 250 mg
- Organic Beet (Root) Powder .......................... 500 mg
- Propionyl-L-Carnitine ................................ 500 mg
- L-Taurine ............................................. 50 mg

Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, L-leucine.

*Setria® is a registered trademark of Kyowa Hakko Bio Co., Ltd.

**Beet root** has been shown to increase nitric oxide levels, supporting healthy blood pressure and cardiorespiratory endurance.*

*This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.*
HEALTHY MICROBIAL BALANCE IN THE GUT*

Ingredients to help support a balanced and healthy intestinal microbiome.*

**Pau D’Arco Complex**
Candida Support Formula

- Item #57550
- 90 vegetarian capsules

Includes pau d’arco, caprylic acid, oregano oil, black walnut, and biotin. *Candida albicans* and other Candida species are naturally occurring yeasts that are typical components of the normal gut flora, and the ingredients in Pau D’Arco Complex support maintaining a healthy balance of all intestinal microbes.*

Pau D’Arco bark has been sustainably harvested with the appropriate permits from the Brazilian authorities.

**Suggested Use**

Suggested Use: As a dietary supplement, 2 capsules one or two times daily with food, or as directed by a healthcare practitioner.

CAUTION: If pregnant or nursing, use only under the supervision of a qualified healthcare practitioner. Keep out of reach of children.

**Amount Per Serving:**

Selenium is a cofactor for antioxidant enzymes and helps to protect cells from oxidative damage.*

**Selenium High Dose Drops**  
100 µg Per Drop  
[Hyperallergenic](#)  
Item #57380  
15 mL (0.50 fl. oz.)

Selenium supports thyroid function, immunity, detoxification, circulation, normal blood sugar regulation, and musculoskeletal function.* Pure concentrated sodium selenite solution (liquid), providing 100 µg of elemental selenium per drop. The daily sodium intake in sodium selenite is nutritionally insignificant.

**Suggested Use**  
As a dietary supplement, 1 drop one to three times daily with food, or as directed by a healthcare practitioner. Refrigerate after opening. Appropriate for food-sensitive individuals.

**CAUTION:** Taking more than 400 µg of selenium per day from all sources should only be done under the guidance of a healthcare professional.

Selenium (as Sodium Selenite) ........................................ 100 µg  
Other ingredients: Deionized water, citric acid.
Vitamin D3 Complete 5000 is formulated to respect the crucial importance of balancing vitamin D with vitamin A, especially for those who know they require extra vitamin D. It also contains the other oil-soluble vitamins, K2 (menaquinone-7) and DeltaGOLD® tocotrienols.

Vitamin D3 Complete 5000 is in a natural base of medium chain triglycerides, and is encapsulated in state-of-the-art fish gelatin capsules.

Also available with 2000 IU of vitamin D3.

Vitamins do not work in isolation, and nowhere is this more clearly demonstrated than in the interactions among the fat-soluble vitamins.
FIND YOUR ZEN
ANYTIME, ANYWHERE*

Helps the body function under stress, daytime or nighttime.*

ZenMind® Adapt
with Sensoril®
Hypoallergenic
Item #57340
60 vegetarian capsules

Enhances the parasympathetic nervous system balancing action of GABA and L-theanine with the addition of Sensoril®, a pure water extract of ashwagandha, an Ayurvedic herb well known for its ability to help the body function under stress.* Sensoril® has been shown to help alleviate the physical, emotional, and mental effects of stress and tension.*

Suggested Use
As a dietary supplement, 2 capsules one or two times daily between meals, or as directed by a healthcare practitioner.

Serving Size: 2 capsules
Servings Per Container: 30

Amount Per Serving:
GABA (Gamma-Aminobutyric Acid) ..................... 550 mg
L-theanine .................................................. 200 mg
Sensoril® Ashwagandha (Withania somnifera) Root and Leaf Extract .................. 125 mg
Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, L-Leucine.

Contains Suntheanine®, pure L-theanine from Taiyo International, Inc. Sensoril® is protected under U.S. Patent No. 7,318,938 and CA Patent No. 2,508,478, and is a registered trademark of Natreon, Inc.

WARNING: If taking antidepressants or other psychotropic medications, use only under the supervision of a qualified healthcare practitioner. Although we are not aware of any interactions, because these also affect brain function there is theoretical potential for negative or positive interactions, either of which would need to be monitored.

Key nutrients for the production of melatonin in the body.*

ZenMind® Nighttime with P5P and 5-HP

- Hypoallergenic
- Item #57360
- 60 vegetarian capsules

Includes the same amounts of GABA and L-theanine as our best-selling ZenMind®, augmented with vitamin B6 as pyridoxal-5-phosphate (P5P) and L-5-hydroxy-tryptophan (5-HTP), the precursor to serotonin and melatonin. The combination helps promote a relaxed state and provides the necessary factors for the body to produce melatonin, supporting normal, healthy sleep.*

Suggested Use
As a dietary supplement, 2 capsules 30 minutes before bedtime, or as directed by a healthcare practitioner.
